PROFESSIONAL SUMMARY

Computer Science student pursuing an Integrated B.Sc. (Hons.)–M.Sc. in Computer Science (AI & Data Science) at Guru Jambheshwar University of Science & Technology. Interested in Python, data science, machine learning and frontend development. Completed a six-week Data Science and Machine Learning internship and developed project work in financial visualisation and AI-assisted image analysis. Eager to apply technical learning to practical problems.

EDUCATION

Integrated B.Sc. (Hons.)–M.Sc., Computer Science (AI & Data Science) | Expected graduation: 2029

Guru Jambheshwar University of Science & Technology (GJUST), Hisar

INTERNSHIP EXPERIENCE

Data Science and Machine Learning Intern | YBI Foundation

Six-week internship | Completed 12 August 2026

- Completed a structured internship focused on Data Science and Machine Learning.
- Participated in learning activities and project-based tasks to build practical understanding of data science concepts.

PROJECTS

Finance Dashboard | *React.js, Chart.js*

- Developed an interactive dashboard to organise and visualise financial transaction data.
- Used charts, tables and category-wise summaries to improve data readability and support spending analysis.
- Focused on dashboard usability, layout and clear presentation of key financial insights.

Live demo: finance-dashboard-frontend-chi.vercel.app

Skincare Analyzer | *Python, AI tools, image analysis* (concept)

- Worked on an application concept that analyses user-provided skin images and presents personalised skincare insights.
- Planned features including skin-type detection, product suggestions and tailored skincare tips.
- Focused on a user-friendly interface and practical AI-assisted recommendations.

TECHNICAL & PROFESSIONAL SKILLS

Programming & Web: Python (Basic), HTML, SQL
AI & Data: Artificial Intelligence, Generative AI concepts, Data Science fundamentals, Image Analysis, Data Visualisation
Tools: React.js, Chart.js, MS Word, MS Excel, GitHub
Professional: Problem Solving, Communication, Teamwork, Time Management, Quick Learning

CERTIFICATIONS & TRAINING

- Data Science and Machine Learning Internship — YBI Foundation (Aug 2026)
- Fundamentals of Python Programming (5-Day Bootcamp) — YBI Foundation with Skills4India (Jul 2026)
- AI and Data Skills with Python Programming (10-Day Bootcamp) — YBI Foundation with Skills4India (Jul 2026)
- Project Workshop: AI Medical Image Disease Detection System using Deep Learning — YBI Foundation (Jul 2026)
- Python 101 for Data Science — Cognitive Class / IBM (May 2026)
- What Is Generative AI? — LinkedIn Learning (Jul 2026)
- Build a Free Website with WordPress — Coursera Project (Oct 2026)
- Generative AI in Action — IBM SkillsBuild
- Data Literacy — IBM SkillsBuild
- Create an AI Agent with Microsoft Foundry — Microsoft Applied Skills
- Introduction to AI Concepts — Microsoft Learn
- Professional Networking for Career Growth — HP LIFE

ACHIEVEMENTS & ACTIVITIES

- Secured 2nd position in a fortnightly group discussion series organised by Udbhavana Club and the Training & Placement Cell.
- Participated in university-level cultural activities and developed public-speaking, confidence and teamwork skills.
